

POLEHAMPTON C. OF E. JUNIOR SCHOOL - Coronavirus (COVID-19): catch-up funding plan

The government is providing schools with £650 million of universal catch-up premium funding for the 2020/2021 academic year. The aim of the funding is to help pupils catch up on education they have missed due to the coronavirus (COVID-19) pandemic. Schools should use this funding for specific activities to support their pupils to make up for lost teaching over the previous months. While funding has been allocated on a per-pupil or per-place basis, schools should use the amount available to them as a single total from which to prioritise support for pupils according to their needs. Schools do not need to spend the funds in the financial year beginning 1 April 2020, and may carry some or all catch-up premium funds forward to future financial years if they wish. The Education Endowment Foundation's '[School Planning Guide 2020-21](#)', may help schools to develop their plans for the premium. For more details, please refer to our [QA](#) regarding the catch-up premium.

Mainstream schools will receive £80 per pupil from reception to Year 11 inclusive, and special, AP and hospital schools will receive £240 for each place. This funding will be received in three instalments, the first in Autumn 2020, the second in early 2021 and the third in the 2021 Summer term. School leaders must be able to show that the funding is being used for its intended purposes, and governing boards are advised to scrutinise their school's plans for its use. The use of the funding will also be inspected by Ofsted when it resumes routine inspections. More information surrounding the catch-up premium can be found [here](#).

This template plan enables schools to outline how they are going to invest their funding for the whole school, targeted support and wider areas, e.g. supporting parents – at the end there is a summary report to outline the overall goals of the spending. Each section of the plan outlines the relevant considerations for schools, including actions to be taken, the aim of the intervention, how much the intervention will cost, who the lead member of staff will be and any additional comments. The plan should be completed in full and sent out to all relevant stakeholders.

Catch-up plan

School name:	Polehampton C. of E. Junior School					
Academic year:	20/21					
Total number of pupils on roll:	238					
Total catch-up budget:	£19,200	First installment:		Second installment:		Third installment:
Date of review:	April 21					

Teaching and whole-school strategies

[To complete this section, outline which actions you wish to implement to support teaching and whole-school concerns, along with the intended outcome, estimated impact, cost and any additional comments required. If you have specific staff who will be leading on a project, you can include their name in the table also.]

Action	Intended outcome	Estimated impact	Cost	Staff lead	Comments
